Andy Boze Weaving Wednesdays

Andy began weaving in 2009, taking classes at the South Bend Museum of art. He’s woven everything from scarves to table runners to rugs, and in a variety of structures including twill, huck, rep, krokbragd and double weave. His favorites are tartans (for the precision) and overshot (for the lovely patterns). His krokbragd table runner was awarded best in show as a student entry in the SBMA Student/Faculty Art Show in 2014.

A native of central Illinois, Andy is currently a librarian working in information technology at a local academic library. His hobbies include pottery, gardening and cooking. He shares his home with three mostly well behaved cats.
